November 5, 2021

**RE: Resignation**

To Whom It May Concern,

Due to the lack of accommodation and support from the City of East Providence to do my job effectively, I am resigning effective immediately.

I would have liked to continued employment until the end of my term, but after two FMLA stress leave of absences due to the retaliation from my discrimination claim, I have no other option.

I am asking that my possessions from my office be couriered to my residence at 304 Wilson Avenue, Rumford, Rhode Island.

Any further communication should be sent via email to: [samanthanburnett@gmail.com](mailto:samanthanburnett@gmail.com) or mailed to my residence.

Sincerely,

A handwritten signature in black ink, appearing to read 'Samantha N. Burnett', written in a cursive style.

Samantha N. Burnett

CHAPTER

AN ORDINANCE IN AMENDMENT OF CHAPTER 19 OF THE REVISED  
ORDINANCES OF THE CITY OF EAST PROVIDENCE, RHODE ISLAND 1998,  
AS AMENDED, ENTITLED “ZONING”

**SECTION I.** Section 19-1 entitled “Definitions” of Article I entitled “In General” of Chapter 19 entitled “Zoning” is hereby amended to read as follows:

**Sec. 19-1. – Definitions**

Digital sign means a sign that features static images that change over a period of time not to exceed once every ten seconds and are used to advertise to consumers in a public place(s), including to those in private automobiles. ~~, e.g., a sign displaying gasoline prices.~~

*A digital sign and an electronic message center shall be considered synonymous terms.*

**SECTION II.** Section 19-442 entitled “Sign definitions” of Article VII entitled “Signs” of Chapter 19 entitled “Zoning” is hereby amended to read as follows:

**ARTICLE VII. SIGNS**

[...]

**Sec. 19-442. - Sign definitions.**

[...]

(c) Digital sign. This type of sign is a component of either a freestanding, pylon or monument sign that features static images that may change over a period of time not to exceed one message change per ten seconds and are used to advertise to consumers in a public place(s), including in private automobiles. ~~, e.g., a sign displaying gasoline prices or time and temperature.~~

*Digital menu boards associated with a permitted drive through operation shall be exempt from the sign regulations for use purposes only. A digital menu board associated with a permitted drive through shall comply with all other sign requirements.*

*A digital sign and an electronic message center shall be considered synonymous terms.*

**SECTION III.** This ordinance shall take effect upon passage and all ordinances and parts of ordinances inconsistent herewith are hereby repealed.

AN ORDINANCE IN AMENDMENT OF CHAPTER 11 OF THE  
REVISED ORDINANCES OF THE CITY OF EAST PROVIDENCE,  
RHODE ISLAND, 1998, AS AMENDED ENTITLED "PERSONNEL"

THE COUNCIL OF THE CITY OF EAST PROVIDENCE HEREBY ORDAINS:

**SECTION I.** Sec. 11-4 entitled "Duties of personnel director" of Article I entitled "In General" of Chapter 11 of the Revised Ordinances of the City of East Providence, Rhode Island, 1998, as amended, entitled "Personnel" is amended to read as follows:

**Sec. 11-4. Duties of personnel director.**

The director, as head of the department of personnel, shall direct and supervise all its administrative and technical activities. In addition to the duties imposed upon ~~the director~~ ~~him~~ elsewhere in this chapter, it shall be the ~~director's~~ ~~his~~ duty:

- (1) To apply and carry out this chapter and the rules adopted thereunder;
- (2) To establish and maintain a roster of all employees in the city service in which there shall be set forth as to each employee the class title, pay or status and other pertinent data;
- (3) To prepare a position classification plan and class specifications and revisions thereof for the consideration of the ~~mayor~~ ~~city manager~~;
- (4) To prepare a compensation plan for the city service for consideration and approval by the ~~mayor~~ ~~city manager~~ and city council;
- (5) To foster and develop programs for the improvement of employee effectiveness, including training, safety, health and counseling;
- (6) To investigate from time to time the operation and effect of this chapter and of the rules made thereunder and to report his findings and recommendations to the city manager and city council;
- (7) To certify the appointing authority employment and promotional lists not timely acted upon by the hearing board pursuant to Section 11-31(1) of this Code.

**SECTION III.** This ordinance shall take effect upon its second passage and all ordinances or parts of ordinances inconsistent herewith are hereby repealed.

Given first passage \_\_\_\_\_ and referred to \_\_\_\_\_ at 6:30 P.M. for a hearing and consideration of final passage and adopted \_\_\_\_\_.

CHAPTER

AN ORDINANCE IN AMENDMENT OF CHAPTER 11 OF THE  
REVISED ORDINANCES OF THE CITY OF EAST PROVIDENCE,  
RHODE ISLAND, 1998, AS AMENDED ENTITLED "PERSONNEL"

THE COUNCIL OF THE CITY OF EAST PROVIDENCE HEREBY ORDAINS:

**SECTION I.** Sec. 11-26 entitled "Created; composition" of Article II entitled "Hearing Board" of Chapter 11 of the Revised Ordinances of the City of East Providence, Rhode Island, 1998, as amended, entitled "Personnel" is amended to read as follows:

**Sec. 11-26. Created; composition.**

There is hereby created a hearing board comprising ~~three~~ **five (5)** qualified electors of the city with the powers and duties enumerated in section 11-31.

**SECTION II.** Sec. 11-28 entitled "Appointment and terms of members" of Article II entitled "Hearing Board" of Chapter 11 of the Revised Ordinances of the City of East Providence, Rhode Island, 1998, as amended, entitled "Personnel" is amended to read as follows:

**Sec. 11-28. Appointment and terms of members.**

The members of the hearing board shall be appointed by the **Mayor, subject to the approval** of the city council. **At least one member shall be a resident of each of the wards of the City.** Of the members first appointed, one shall be appointed for a term of two years, one for a term of four years and one for a term of six years. Thereafter each member shall be appointed for a term of six years from the date of expiration of the term for which his predecessor was appointed, except that a person appointed to fill a vacancy occurring prior to the expiration of such term shall be appointed for the remainder of the term. Each member of the board shall hold office until his successor is appointed and qualified.

**SECTION III.** Sec. 11-30 entitled "Election of chair; meetings; quorums" of Article II entitled "Hearing Board" of Chapter 11 of the Revised Ordinances of the City of East Providence, Rhode Island, 1998, as amended, entitled "Personnel" is amended to read as follows:

**Sec. 11-30. Election of chair; meetings; quorums.**

The hearing board shall elect one of its members as chair. It shall meet at such time and place as shall be specified by call of the chair or the director, and notice of each meeting shall be given in writing to each member by the director at least two days in advance of the meeting. ~~Two~~ **Three (3)** members shall constitute a quorum for the transaction of business.

**SECTION III.** Sec. 11-31 entitled "Duties" of Article II entitled "Hearing Board" of Chapter 11 of the Revised Ordinances of the City of East Providence, Rhode Island, 1998, as amended, entitled "Personnel" is amended to read as follows:

**Sec. 11-31. Duties.**

In addition to the duties set forth elsewhere in the Charter and this article, the hearing board shall:

- (1) Certify to the appointing authority employment and promotional lists **within (14) fourteen days of submission by the City's Department of Human Resources;**
- (2) Hear appeals of employees in the classified service who appeal from a decision of the **Mayor** ~~city manager~~ in event of removal, suspension, demotion or transfer;
- (3) Advise the personnel director, the **Mayor** ~~city manager~~ and the city council on matters of personnel policy and problems of personnel administration;
- (4) Represent the public interest in the improvement of personnel administration in the city service;
- (5) Make annual reports and such special reports as are necessary to the **Mayor** ~~city manager~~ and city council.

**SECTION IV.** This ordinance shall take effect upon its second passage and all ordinances or parts of ordinances inconsistent herewith are hereby repealed.

Given first passage \_\_\_\_\_ and referred to \_\_\_\_\_ at 6:30 P.M. for a hearing and consideration of final passage and adopted \_\_\_\_\_.

CHAPTER

AN ORDINANCE IN AMENDMENT OF CHAPTER 11 OF THE  
REVISED ORDINANCES OF THE CITY OF EAST PROVIDENCE,  
RHODE ISLAND, 1998, AS AMENDED ENTITLED "PERSONNEL"

**THE COUNCIL OF THE CITY OF EAST PROVIDENCE HEREBY ORDAINS:**

**SECTION I.** Sec. 11-46 entitled "Discipline and discharge of employees, and officers appointed by city council" of Article III entitled "Personnel Plan" of Chapter 11 of the Revised Ordinances of the City of East Providence, Rhode Island, 1998, as amended, entitled "Personnel" is amended to read as follows:

**Sec. 11-46. Discipline and discharge of employees, and officers appointed by city council.**

- (a) A **city** council appointee **or employee** may be disciplined up to and including discharge from employment for any of the following reasons:
- (1) Failure to meet prescribed standards of work, morality and ethics to an extent that makes an employee unsuitable for any kind of employment in the city service.
  - (2) Theft, destruction, **or misuse** of city property.
  - (3) Incompetency, inefficiency or negligence in the performance of **the employee's job or position** duties.
  - (4) Insubordination, malfeasance or misfeasance.
  - (5) Conviction of a criminal offense.
  - (6) Disgraceful personal conduct.
  - (7) Unauthorized absences or abuse of leave privileges.
  - (8) Acceptance of any valuable consideration which was given with the expectation of influencing the employee in the performance of his duties.
  - (9) Falsification of records or use of official position for personal advantage
  - (10) Violation of employee policies as set forth in the City's Personnel manual.**
  - (11) Violation of the Rhode Island Code of Ethics.**
- (b) The type, nature and extent of such discipline shall be within the sole discretion of the city council, including but not limited to oral and written reprimands, suspensions with or without pay and discharge.
- (c) The council, by a vote of ~~four~~ **three (3)** of its members, may impose such discipline up to and including discharge from employment upon any employee, or officer appointed by it; ~~excepting the city manager~~ for any of the above reasons, provided that **the employee** ~~he or~~

---

she shall first have been served with a written notice of the intention of the council to impose such discipline. This notice shall contain the reasons for the possible discipline and will fix a time and place not less than ten (10) days nor more than thirty (30) days after the service of such notice, at which time **the employee** shall be given an opportunity to be heard in his or her defense. The hearing shall be public at the option of the **employee person** who is the subject of the hearing, and **the employee** he or she may be represented by counsel. From the time of the notice, the employee may be retained in duty status, placed on leave or suspended with or without pay and benefits, at the discretion of the majority of the council. **If the Council imposes any suspension during the notice period, such suspension shall be considered discipline served if any disciplinary action is taken as a result of the hearing. If no disciplinary action is taken as a result of the hearing, any withheld pay or benefits shall become due and owed to the employee.** If the employee fails to respond to the advance notice, the proposed action of the council shall be effective on the date specified with no need for further action. Otherwise, the council shall carefully consider the reply of the employee before making a final decision. The council shall promptly transmit to the employee a written notice of its decision. The decision of the council shall be final.

(d) It is the policy of the city not to rehire former employees who have been dismissed or who resigned while charges were pending under this section.

~~(e) The discharge of the city manager shall be in accordance with section 2-11 of the City Charter.~~

**SECTION II.** This ordinance shall take effect upon its second passage and all ordinances or parts of ordinances inconsistent herewith are hereby repealed.

Given first passage \_\_\_\_\_ and referred to \_\_\_\_\_ at 6:30 p.m. for a hearing and consideration of final passage and adopted \_\_\_\_\_.

Direct the entire Underwriting function for Embrace, maintain quality, and ensure SLAs are met.

**EDUCATION:** Community College of Rhode Island, Warwick, RI  
A.S., Business Administration, 1982

Rhode Island College, Providence, RI  
B.S., Business Management, 1984

After the Route 195 freeway was opened on Dec. 15, 1959, Rhode Island Governor Christopher Del Sesto authorized the East Providence City Council to name the bridges along the expressway in honor of "individual service men and women from East Providence who have sacrificed their lives in World War II or in Korea". The public was asked to submit names of veterans and suggestions for naming the new expressway. In July 1961, a report was presented to the City Council and Governor John A. Notte, Jr. It contained 28 names of servicemen and a map of the 14 spans along Route 195. Two names were assigned to each memorial sign and each bridge had two signs. On Veterans Day, Nov. 11, 1961, a double ceremony was held to dedicate these memorial bridge signs and to designate the freeway as the East Providence Veterans Memorial Expressway (EPVME). Today (Sept. 27, 2021), only 7 of the original 28 memorial signs remain on 5 of the 14 bridges and spans. With the recent repairs of the bridges along Interstate 195, RIDOT is printing and installing replacement signs. A public re-dedication ceremony and 60th anniversary celebration (EPVMER 2021) for all veterans and members of the military, with their families and friends attending, is planned for Saturday, Nov. 6, 2021.

Like the forgotten missing signs, an effort is being made to not let the citizens of E. Prov., RI who served in all military events be forgotten. East Providence native, Susan Cady, a Pierce Field and EPVME historian, has compiled this list of names and military information for this virtual E. P. Military Service Honor Roll. This tribute is posted on the E. Providence Historical Society's website [ephist.org](http://ephist.org). Please check the Honor Roll and report any omissions (in honor/memory of, rank, war/event, branch), removal requests, and corrections ASAP until Oct. 15, 2021. Please update the Vietnam War names that were obtained from a May 1969 tribute in the EP Post.

The basic list might be published for Veterans' Day, in the weekly EP Post newspaper on Nov. 4 or 11, 2021. The names may appear in visual on-line presentations intended for stay-at-home viewing. The final (posted in Nov. 2021) Honor Roll names (with details, w/o contact info) will be presented to EP City Hall for archival and dedicated during the Nov. 6th EPVME Re-dedication ceremony.

A re-dedication ceremony of the memorial bridge signs and a 60th anniversary celebration for the naming of the EPVME is scheduled for Saturday, Nov. 6, 2021, 1-3 pm. An "open house" visitation of some new bridge memorial signs on Sunday, Nov. 7, 1-3 pm will follow the 12:45 pm- 1 pm dedication ceremony of the Andrews Brothers' exit on Broadway at the end of Freeborn Ave.

If you or a civic or veterans' organization would like to participate or volunteer, contact Susan. Read details and schedule of events at <https://sites.google.com/view/EPVMER2021>

Disclaimer: No residence or military background checks were made. Inclusion on this list does not convey eligibility for military benefits. The information presented may contain errors as some details were recalled from memory. The EP Post, East Providence Historical Society, and Susan Cady are not responsible for errors and omissions. Send only names to be omitted or corrected to [epvme@hotmail.com](mailto:epvme@hotmail.com) ASAP before Oct. 15.

Family and friends may download this copyrighted honor roll for personal reading. This copyrighted publication requires certified written permission from Susan Cady and the East Providence Historical Society before it can be published elsewhere.

Blunt, Brigadier General Roger R., graduated from the U. S. Military Academy, West Point,  
NY in 1956, Army Reserves

Chaplin, Fire Control Technician 3rd class petty officer (FT-3) William M.,  
1958 **Lebanon Crisis** and 1958 **Quemoy Crisis**, Navy  
1958 to 1960: aboard USS Forrest B. Royal DD 872

Our radar controlled the aiming and firing of all the guns on the ship.

Quemoy is one of the islands between main land China and Formosa. Mainland China was arming some of the islands and we were sent over there with a small fleet to patrol the sea between the two countries and let the Chinese know that we had the Formosans back.

Opened the Great Lakes to salt water traffic for USA and Canada. President Eisenhower and Queen Elizabeth were there. The ship sailed in all of the Great Lakes. We went as far as you could go. We made port in Duluth, Minnesota as one of our stops.

There were ribbons for both conflicts, but I never put in for them.

Conley, John F., Marine Corps

Gennari, Specialist (SP5 E5) George J., 1962-1965, Cuban Missile Crisis, Army

- Served as an instructor at the US Army Air Defense School (UDAADS) Hawk Missile & Launcher Air Defense System. Stationed in Fort Bliss, TX.

Agnew, Specialist (SP4) William M., Army, First Cavalry Division  
Agren, Captain (CAPT) Don, 1969-1972, Army  
I served in the U. S. Army 1969-1972. First I was with the Field Artillery, then on to Helicopter School. Upon graduating, I was assigned to the 135th Assault Helicopter Company in Vietnam from August 20, 1970 thru August 21, 1971 and flew the UH-1 Huey. Our unit was half U. S. Army and half Royal Australian Navy. It was the only integrated unit of its kind in Vietnam. When I was honorably discharged in 1972, I was a Captain stationed at Fort Dix, NJ. Since I have been the President of the Old Dominion Chapter Vietnam Helicopter Pilots Association in Virginia. On Facebook: Old Dominion Chapter VHPA

*City of East Providence  
Office of the Mayor*

**SUPPLEMENTAL DECLARATION OF MUNICIPAL EMERGENCY  
EXECUTIVE ORDER 2021-017  
NOVEMBER 16, 2021**

*EXTENDING EXECUTIVE ORDER 2021-014, DATED AUGUST 23, 2021  
ENTITLED DECLARATION OF STATE OF MUNICIPAL EMERGENCY*

WHEREAS, On March 13, 2020, by Proclamation 9994, the President declared a national emergency concerning the coronavirus disease 2019 (COVID-19) pandemic. The COVID-19 pandemic continues to cause significant risk to the public health and safety of the Nation; and

WHEREAS, on March 9, 2020, Executive Order 20-02 issued by the State of Rhode Island was issued for a declaration of a state of emergency due to the dangers to health and life posed by COVID-19 and that Order has been extended to remain in effect through at least November 27, 2021; and

WHEREAS, on August 19, 2021, Executive Order 21-86, issued by the State of Rhode Island, declaring a disaster emergency for new COVID-19 variants and that Order has been extended through at least November 13, 2021; and

WHEREAS, on August 23, 2021, Mayor Roberto L. DaSilva issued Executive Order 2021-014 declaring a Municipal State of Emergency due to the outbreak of COVID-19 Delta variant; and

WHEREAS, Rhode Island General Law §§ 30-15-12 and 30-15-13, as well as the Home Rule Charter of the City of East Providence Article III, Section 3-5(9), permit the Mayor to declare a State of Municipal Emergency for the purpose of taking action to protect the health, safety and security of the City and its inhabitants; and

WHEREAS, COVID-19 has killed over 725,000 people in the United States in less than two years, and infected millions more, according to an October 2021 report by the Centers for Disease Control & Prevention; and

WHEREAS, as of November 9, 2021, Rhode Island saw a 2.3 percent positive increase of COVID-19 cases since September; and

WHEREAS, the pandemic continues to affect workers and workplaces. While COVID-19 vaccines authorized or approved by the U.S. Food and Drug Administration (FDA) effectively protect vaccinated individuals against severe illness and death from COVID-19, unvaccinated individuals remain at much higher risk of severe health outcomes from COVID-19; and

WHEREAS, our East Providence Emergency Management Agency and East Providence Fire Dept. continues to operate the East Providence Regional Point of Distribution to provide COVID-19 vaccines, boosters, third doses and doses to the younger population ages 5-11; and

WHEREAS, the city of East Providence Emergency Management Agency and East Providence Fire Dept. continue to operate COVID-19 testing sites; and

WHEREAS, all expenditures incurred by the city to mitigate, provide testing, vaccinate and offer public information are currently being reimbursed by the Federal Emergency Management Agency (FEMA) under this pandemic; and

WHEREAS, failure to continue the municipal emergency may jeopardize our ability to continue the critical work we have provided our residents, due to possible loss of reimbursement and the financial strain it would place on the city;

NOW, THEREFORE, I, Mayor Roberto L. DaSilva, by virtue of the authority vested in me as the Mayor and Chief Executive Officer of the City of East Providence, pursuant to the Rhode Island General Laws and the Home Rule Charter of the City of East Providence, do hereby order and direct the following:

1. Executive Order 2021-014, entitled "Declaration of State of Municipal Emergency" declared August 23, 2021 is hereby extended.

This Executive Order shall take effect on November 16, 2021 in full force and effect, and, with the consent of the City Council, it shall remain in effect until Tuesday, December 21, 2021, unless renewed, modified, or terminated by subsequent Executive Order.

Roberto L. DaSilva

So Ordered:

Roberto L. DaSilva  
Mayor

**STATE OF RHODE ISLAND  
CITY OF EAST PROVIDENCE**

**RESOLUTION NO.**

**RESOLUTION AUTHORIZING THE MAYOR TO ENTER INTO A CONTRACT  
BETWEEN THE CITY OF EAST PROVIDENCE AND NEW ENGLAND  
FOUNDATION & STABILIZATION COMPANY FOR THE CAROUSEL  
STABILIZATION PROJECT**

**WHEREAS**, on August 27, 2021, the City received a bid from New England Foundation & Stabilization Company for the carousel stabilization project; and

**WHEREAS**, the bid submitted by New England Foundation & Stabilization Company is in the amount of \$83,575.00 and includes the plans and specifications for the project as identified in the City's request for proposals; and

**WHEREAS**, the City would like to enter into a contract with New England Foundation & Stabilization Company for the carousel stabilization project in the amount of \$83,575.00.

**NOW, THEREFORE, BE IT RESOLVED** that the City Council of the City of East Providence hereby authorizes the Mayor of the City of East Providence to enter into a contract between the City of East Providence and New England Foundation & Stabilization Company for the carousel stabilization project attached hereto as Exhibit A.

Adopted by the City Council: \_\_\_\_\_

Attest:

\_\_\_\_\_  
City Clerk of East Providence, Rhode Island

Introduced by: Council Vice President Rodericks

This Contract (the "Contract") is made and entered into by and between The City of East Providence, (the "City") and **New England Foundation & Stabilization Company** (the "Contractor"). This Contract shall become effective on the date it is executed by the last party to execute it ("the Effective Date").

This Contract is for a project identified as **RFP# EP20/21-17**

For and in consideration of the mutual promises, covenants and agreements set forth herein, and for other good and valuable consideration, the sufficiency of which is hereby acknowledged, the City and the Contractor agree as follows:

#### **ARTICLE 1** **THE WORK OF THIS CONTRACT**

The Contractor shall execute the entire work described in the Contract Documents, within twelve (12) weeks from date of signed contract except to the extent specifically indicated in the Contract Documents to be the responsibility of others, or as follows:

#### **ARTICLE 2** **DOCUMENTS INCORPORATED BY REFERENCE**

This Contract includes the plans and specifications for the **Carousel Stabilization Project** as identified thereon for the **RFP EP 20/21-17** City's Request for Proposal issued **August 27, 2021**, all of which are hereby incorporated herein by reference and made a part hereof. Change Orders issued hereafter, and any other amendments executed by the City and the Contractor, shall become and be a part of this Contract. Documents not included or expressly contemplated in this Article 2 do not, and shall not, form any part of this Contract.

#### **ARTICLE 3** **REPRESENTATIONS OF THE CONTRACTOR**

In order to induce the City to execute this Contract and recognizing that the City is

relying thereon, the Contractor, by executing this Contract, makes the following express representation to the City.

- (A) The Contractor is fully qualified to act as the contractor for the Project and has, and shall maintain, any and all licenses, permits or other authorizations necessary to act as the contractor for, and to construct, the Project;
- (B) The Contractor has become familiar with the Project site and the local conditions under which the Project is to be constructed and operated;
- (C) The Contractor has received, reviewed and carefully examined all the documents which make up this Contract, including, but not limited to, the plans and specifications, and has found them in all respects to be complete, accurate, adequate, consistent, coordinated and sufficient for construction;
- (D) The Contractor is familiar with all Federal, State, municipal, and department laws, ordinances, orders, and regulations which may in any way affect the work of those employed therein, including, but not limited to, any special acts relating to the work or the Project of which it is a part;
- (E) The Contractor is aware of the hazards involved in the work and the danger to life and property both evident and inherent, and that the Contractor will conduct the work in a careful and safe manner without injury to persons or property.

**ARTICLE 4**  
**INTENT AND INTERPRETATION**

With respect to the intent and interpretation of this Contract, the City and the Contractor agree as follows:

- (A) This Contract, together with the Contractor's and Surety's performance in the total amount of the project cost and payment bonds for the Project, constitute the entire and exclusive agreements between the parties with reference to the Project, and said Contract supersedes any and all prior discussions, communications, representations, understandings, negotiations, or agreements. This Contract also supersedes any bid documents not incorporated herein pursuant to Article 2.
- (B) Anything that may be required, implied or inferred by the documents which make up this Contract, or any one or more of them, shall be provided by the Contractor for the Contract Price;
- (C) Nothing contained in this Contract shall create, nor be interpreted to create, privity or any other relationship whatsoever between the City and any person except the Contractor;
- (D) When a word, term, or phrase is used in this Contract, it shall be interpreted or construed

first, as defined herein; second, if not defined, according to its generally accepted meaning in the construction industry; and third, if there is no generally accepted meaning in the construction industry, according to its common and customary usage;

- (E) The Contractor shall have a continuing duty to read, examine, review, compare and contrast each of the documents which make up this Contract, shop drawings, and other submittals and shall give written notice to the City of any conflict, ambiguity, error or omission which the Contractor may find with respect to these documents before proceeding with the affected work. The express or implied approval by the City of any shop drawings or other submittals shall not relieve the Contractor of the continuing duties impose hereby, nor shall any such approval be evidence of the Contractor's compliance with this Contract. **HOWEVER, THE CITY MAKES NO REPRESENTATION OR WARRANTY OF ANY NATURE WHATSOEVER TO THE CONTRACTOR CONCERNING SUCH DOCUMENTS.** The Contractor again hereby acknowledges and represents that it has received, reviewed and carefully examined such documents, has found them to be complete, accurate, adequate, consistent, coordinated and sufficient for construction, and that the Contractor has not, does not, and will not rely upon any representations or warranties by the City concerning such documents, as no such representations or warranties have been or are hereby made;
- (F) In the event of any conflict, discrepancy, or inconsistency among any of the documents which make up this Contract, the following shall control:
- (1) As between drawings and specifications, the specifications shall govern;
  - (2) As between figures given on plans and scaled measurements, the figures shall govern;
  - (3) As between this document and the plans or specifications, this document shall govern.

#### ARTICLE 5

#### **OWNERSHIP OF DOCUMENTS WHICH MAKE UP THE CONTRACT**

The documents which make up this Contract, and each of them, as well as any other documents furnished by the City, shall remain the property of the City. The City shall provide the Contractor with a sufficient number of copies of the complete Contract as the City determines is necessary. The Contractor shall have the right to keep the Contractor's executed set; provided, however, that in no event shall the Contractor use, or permit to be used, any portion or all of such Contract on other projects without the City's prior written authorization. All sets in usable condition, with the exception of the Contractor's executed set, shall be returned to the City at the completion or cessation of the work or termination of the Contract.

**ARTICLE 6**  
**CONTRACTOR'S PERFORMANCE**

The Contractor shall perform all of the work required, implied or reasonably inferable from this Contract including, but not limited to, the following:

- (A) Construction of the Project;
- (B) The furnishing of the required 100% Performance Bond and Certificate of General Liability insurance coverage of \$1,000,000, as well as Workers' Compensation Insurance as required by the State of Rhode Island for itself and any of its employees.
- (C) The provision and furnishing, and prompt payment of labor, supervision, services, materials, supplies, equipment, fixtures, appliances, facilities, tools, transportation, storage, power, fuel, heat, light, cooling, or other utilities, required for construction and all necessary building permits and other permits required for the construction of the Project;
- (D) The creation and submission to the City of detailed and comprehensive as-built drawings depicting all as-built construction. Said as-built drawings shall be submitted to the City upon final completion of the Project and receipt of same by the City shall be a condition precedent to final payment to the Contractor.

**ARTICLE 7**  
**TIME FOR CONTRACTOR'S PERFORMANCE**

- (A) The Contractor shall commence the performance of this Contract within ten (10) calendar days after the Notice to Proceed and shall diligently continue its performance to and until final completion of the Project (subject to a winter shutdown period if necessary as provided for in Article 8 Paragraph (L)). The Contractor shall accomplish Substantial Completion of the Project on or before the dated established pursuant to Paragraphs (K) and (L) in Article 8.
- (B) The Contractor shall pay the City the sum of Five Hundred Dollars (\$500.00) per day for each and every calendar day of unexcused delay in achieving Substantial Completion beyond the date set forth herein for Substantial Completion. Any sums due and payable hereunder by the Contractor shall be payable, not as a penalty, but as liquidated damages representing an estimate of delay damages likely to be sustained by the City, estimated at the time of executing this Contract. When the City reasonably believes that Substantial Completion will be inexcusably delayed, the City shall be entitled, but not required, to withhold from any amounts otherwise due the Contractor an amount then believed by the City to be adequate to recover liquidated damages applicable to such delays. If and when the Contractor overcomes the delay in achieving Substantial Completion, or any part thereof, for which the City has withheld payment, the City shall promptly release to the

- Contractor those funds withheld, but no longer applicable, as liquidated damages.
- (C) The term "Substantial Completion", as used herein, shall mean that point as determined by the City at which the Project is at a level of completion in strict compliance with this Contract such that the City or its designee can enjoy beneficial use or occupancy and can use or operate in all respects, for its intended purpose. Partial use or occupancy of the Project being deemed substantially complete, and such partial use or occupancy shall not be evidence of Substantial Completion.
  - (D) All limitations of time set forth herein are material and are of the essence of this Contract.

**ARTICLE 8**  
**PAYMENTS TO CONTRACTOR**

- (A) The City shall pay, and the Contractor shall accept, as full and complete payment for the Contractor's timely performance of its obligations hereunder, the Contract Sum of Eighty Three Thousand Five Hundred Seventy Five Dollars and 00/100 (\$83,575.00) total for at the price set forth in this Paragraph 8 shall constitute the Contract Price, which shall not be modified except by Change Order as provided in this contract.
- (B) The City shall pay the Contract Price to the Contractor in accordance with the procedures set forth in this Paragraph 8. On or before the 15th day of each month after commencement of performance, but no more frequently than one monthly, the Contractor may submit a Payment Request for the period ending the 31st day of preceding the month. Said Payment Request shall be in such format and include whatever supporting information as may be required by the City. Each Payment Request shall be signed by the Contractor and shall constitute the Contractor's representation that the quantity of work has reached the level for which payment is requested, that the work has been properly installed or performed in strict compliance with this Contract and that the Contractor knows of no reason why payment should not be made as requested. Thereafter, the City shall review the Payment Request and may also review the work at the project site or elsewhere to determine whether the quantity and quality of the work is as represented in the Payment Request and is as required by this Contract. The City shall approve in writing the amount which, in the opinion of the City, is properly owing to the Contractor. The payment of the Contractor's invoice will be made no later than thirty (30) days after the receipt of the invoice subject to the above. The Contractor shall submit progress invoices dated the last day of the month. These invoices will be submitted on G702 and G703 (AIA approved) documents.
- (C) The City will retain a percentage of the progress or monthly payments claimed, including approved change orders. The retainage shall remain at five percent (5%) until seventy-five percent (75%) of the Contract is complete, as determined by the City. At that time if the City decides the Contractor is making adequate progress, the City may reduce retainage to two and one half percent (2.5%) of the dollar value of all work satisfactorily complete to date, including change orders. Any further reduction in the retainage amount shall be at the City's discretion. The retainage shall be paid by the City to the Contractor

within ninety (90) days of the date the work is accepted by the City unless a dispute exists with respect to the work.

- (D) Upon Substantial Completion, the City may reduce the amount of retainage to the final retainage of One Percent (1%) of the dollar value of all work satisfactorily completed to date, including approved change orders plus an additional retainage based on the City's estimate of the fair value of any punch list items and the cost of completing and/or correcting such incomplete or defective items or work. As these items are completed or corrected, they shall be paid for out of the retainage until Final Completion and Acceptance of Work is declared by the City. The final One Percent (1%) retainage shall be paid to the Contractor by the City within ninety (90) days of the date the work is accepted by the City unless a dispute exists with respect to the work.
- (E) Upon Final Completion and Acceptance of the Work, City shall issue a certificate attached to the final payment request stating that the Work has been accepted by the City under the conditions of the Contract Documents. The entire balance to be due the Contractor shall be paid to the Contractor within ninety (90) days of Final Completion and Acceptance of Work.
- (F) When payment is received from the City, the Contractor shall immediately pay all subcontractor, materialmen, laborers and suppliers the amounts they are due for the work covered by such payment. In the event the City becomes informed that the Contractor has not paid a subcontractor, materialman, laborer, or supplier as provided herein, the City shall have the right, but not the duty, to issue future checks and payment to the Contractor of amounts otherwise due hereunder naming the Contractor and any such subcontractor, materialman, laborer, or supplier as joint payees. Such joint check procedure, if employed by the City, shall create no rights in favor of any person or entity beyond the right of the named payees to payment of the check and shall not be deemed to commit the City to repeat the procedure in the future.
- (G) Neither payment to the Contractor, utilization of the Project for any purpose by the City, nor any other act or omission by the City shall be interpreted or construed as an acceptance of any work of the Contractor not strictly in compliance with this Contract.
- (H) The City shall have the right to refuse to make payment and, if necessary, may demand the return of a portion or all of the amount previously paid to the Contractor due to:
  - (1) The quality of a portion, or all, of the Contractor's work not being in accordance with the requirements of this Contract;
  - (2) The quantity of the Contractor's work not being as represented in the Contractor's Payment Request, or otherwise;
  - (3) The Contractor's rate of progress being such that, in the City's opinion, substantial or final completion, or both, may be inexcusably delayed;

- (4) The Contractor's failure to use Contract funds, previously paid the Contractor by the City, to pay Contractor's Project-related obligations including, but not limited to, subcontractors, laborers and material and equipment suppliers;
- (5) Claims made, or likely to be made, against the City or its property;
- (6) Loss caused by the Contractor;
- (7) The Contractor's failure or refusal to perform any of its obligations to the City.

In the event that the City makes a written demand upon the Contractor for amounts previously paid by the City as contemplated in this paragraph, the Contractor shall promptly comply with such demand.

- (I) When Substantial Completion has been achieved, the Contractor shall notify the City in writing and shall furnish to the City a listing of those matters yet to be finished. The City will thereupon conduct an inspection to confirm that the work is in fact substantially complete. Upon its confirmation that the Contractor's work is substantially complete, the City will so notify the Contractor in writing and will therein set forth the date of Substantial Completion. If the City, through its inspection, fails to find that the Contractor's work is substantially complete, and is required to repeat all, or any portion, of its Substantial Completion inspection, the Contractor shall bear the cost of such repeat inspection(s) which cost may be deducted by the City from any payment then or thereafter due to the Contractor.
- (J) When the Project is finally complete and the Contractor is ready for final inspection, it shall notify the City thereof in writing. Thereupon, the City will perform a final inspection of the project. If the City confirms that the project is complete in full accordance with this Contract and the Contractor has performed all of its obligations to the City hereunder, the City will furnish a final Approval for Payment certifying that the project is complete and the Contractor is entitled to the remainder of the unpaid Contract Price, less any amount withheld pursuant to this Contract. If the City is unable to issue its final Approval for Payment and is required to repeat its final inspection of the Project, the Contractor shall bear the cost of such repeat inspection(s), which costs may be deducted by the City from the Contractor's final payment.
- (K) The Contractor is to begin work within Ten (10) days after the date of the Notice to Proceed and shall complete the work within One Hundred Eighty (180) consecutive days of notification of each assignment. If the Contractor fails to complete the work as set forth in this paragraph 8(L), the Contractor shall pay the City the sum of Five Hundred Dollars (\$500.00) per day for each and every calendar day of unexcused delay in completing the work. Any sums due and payable hereunder by the Contractor shall be payable, not as a penalty, but as liquidated damages representing an estimate of delay damages likely to be sustained by the City, estimated at or before the time of executing

this Contract. When the City reasonably believes that the date of completion will be unexcusably delayed, the City shall be entitled, but not required, to withhold from any amounts otherwise due the Contractor an amount then believed by the City to be adequate to recover liquidated damages applicable to such delays. If and when the Contractor overcomes the delay in achieving completion of the work, or any part thereof, for which the City has withheld payment, the City shall promptly release the Contractor those funds withheld, but no longer applicable, as liquidated damages.

- (L) The time for completion noted above has been developed upon the assumption that the work may be suspended during winter shutdown if necessary. Winter shutdown shall be determined by the Director of Public Works for the City of East Providence. The time period specified for completion of the work in Paragraph (K) above shall be suspended during such winter shutdown. The contractor shall plan on winter shutdown period based upon these dates unless otherwise directed by the City. The winter shutdown dates are subject to change depending upon weather conditions. The City shall notify the Contractor in writing if there is a change in the winter shutdown period due to weather, environmental or other conditions which preclude the work from being executed in accordance with these documents.
- (M) Prior to being entitled to receive final payment, and as a condition precedent thereto, the Contract shall furnish to the City, in the form and manner required by the City:
  - (1) An affidavit that all of the Contractor's obligations to subcontractors, laborers, equipment or material suppliers, or other third parties in connection with the Project, have been paid or otherwise satisfied;
  - (2) If required by the City, separate releases of lien or lien waivers from each subcontractor, lower tier subcontractor, laborer, supplier or other person or entity who has, or might have a claim against the City or the City's property;
  - (3) If applicable, consent(s) of surety to final payment;
  - (4) All product warranties, operating manuals, instruction manuals and other record documents, drawings and things customarily required of the Contractor, or expressly required herein, as a part of or prior to Project closeout.

**ARTICLE 9**  
**MUNICIPAL POLICE TRAFFIC CONTROL**

The cost of municipal police traffic control shall be paid in accordance with RIGL §37-12-10. The Contractor shall be responsible for scheduling municipal police officers for traffic control purposes through the police department. If traffic control assignments are cancelled without twenty-four (24) hours notice, the Contractor is responsible to pay the City of East Providence for the hours police officers would have worked it if had not

been for the untimely cancellation of the assignment. The City at its sole discretion may require such scheduling to be pre-approved by the Public Works Department. The Contractor is responsible for all highway safety equipment for traffic control purposes including but not limited to proper signage and traffic cones.

**ARTICLE 10**  
**CEASE AND DESIST ORDER**

In the event the Contractor fails or refuses to perform the work as required herein, the City may instruct the Contractor to cease and desist from performing further work in whole or in part. Upon receipt of such instruction, the Contractor shall immediately cease and desist as instructed by the City and shall not proceed further until the cause for the City's instruction has been corrected, no longer exists, or the City instructs that the work resume. In the event the City issues instructions to cease and desist, and in the further event that the Contractor fails and refuses within seven (7) calendar days of receipt of same to provide adequate assurance to the City that the cause of such instructions will be eliminated or corrected, then the City shall have the right, but not the obligation, to carry out the work with its own forces, or with the forces of another contractor, and the Contractor shall be fully responsible and liable for the costs of performing such work by the City. The rights set forth herein are in addition to, and without prejudice to, any other rights or remedies the City may have against the Contractor.

**ARTICLE 11**  
**DUTIES, OBLIGATIONS AND RESPONSIBILITIES OF THE CONTRACTOR**

In addition to any and all other duties, obligations and responsibilities of the Contractor set forth in this Contract, the Contractor shall have and perform the following duties, obligations and responsibilities to the City:

- (A) The Contractor is again reminded of its continuing duties set forth in Subparagraph 4(E) which are by reference hereby incorporated in this Subparagraph 10(A). The Contractor shall not perform work without adequate plans and specifications, or, as appropriate, approved shop drawings, or other submittals. If the Contractor performs work knowing or believing it involves an error, inconsistency or omission in the Contract without first providing written notice to the City and the Architect, the Contractor shall be responsible for such work and pay the cost of correcting same;
- (B) All work shall strictly conform to the requirements of this Contract;
- (C) The work shall be strictly supervised, the Contractor bearing full responsibility for any and all acts or omissions of those engaged in the work on behalf of the Contractor;
- (D) The Contractor hereby warrants that all labor furnished under this Contract shall be competent to perform the tasks undertaken, that the product of such labor shall yield only first-class results, that all materials and equipment provided shall be new and of high

quality, that the completed work will be complete, of high quality, without defects, and that all work strictly complies with the requirements of this Contract. Any work not strictly complying with the requirements of this Subparagraph shall constitute a breach of the Contractor's warranty.

- (E) The Contractor shall obtain and pay for all required permits, fees and licenses customarily obtained by the Contractor. The Contractor shall comply with all legal requirements applicable to the work;
- (F) The Contractor shall employ and maintain at the Project site only competent supervisory personnel.
- (G) The Contractor shall keep an updated copy of this Contract at the Project site. Additionally, the Contractor shall keep a copy of approved shop drawings and other submittals. All of these items shall be available to the City at all regular business hours. Upon final completion of the work, all of these items shall be finally updated and provided to the City and shall become the property of the City.
- (H) The Contractor shall maintain the Project site in a reasonably clean condition during performance of the work. Upon final completion, the Contractor shall thoroughly clean the Project site of all debris, trash and excess materials or equipment.
- (I) At all times relevant to this Contract, the Contractor shall permit the City to enter upon the Project site and to review or inspect the work without formality or other procedure.

**ARTICLE 12**  
**DUTIES, OBLIGATIONS AND RESPONSIBILITIES OF THE CITY**

- (A) Except for permit fees which are the responsibility of the Contractor, the City shall secure and pay for necessary approvals, easements, assessments and charges required for the construction, and services performed pursuant to the Contract.
- (B) If the Contractor fails to correct work which is not in accordance with the requirements of the contract, and persistently fails to carry out the work in accordance with the Contract, the City, by a written letter, may order the contractor to stop all work, or any portion thereof, until the cause of such order has been eliminated; however, the right of the City to stop the work shall not give rise to a duty on the part of the city to exercise this right for the benefit of the Contractor or any other person or entity.
- (C) Upon completion and acceptance of the work, the City shall issue a certificate attached to the final payment request that the work has been accepted by the City under the conditions of the Contract.

**ARTICLE 13**  
**"OR EQUAL" CLAUSE**

- (A) Whenever a material or article required is specified or shown on the drawings by using the name of the proprietary product of a particular manufacturer or vendor, any material or article which will perform adequately the duties imposed by the general design may be considered equal and satisfactory providing the material or article so proposed is of equal substance and function in the City's opinion. It shall not be purchased or installed without the City's written approval. In all cases new material shall be used in the project.
- (B) If more than one brand, make of material, device, or piece of equipment is shown or specified, each should be regarded as the equal of the other. Any other brand, make of material, device, or equipment, which in the opinion of the City or its Authorized Representative, is the recognized equal of that specified (considering quality, workmanship and economy of operation), and is suitable for the purpose intended, may be accepted.

**ARTICLE 14**  
**INDEMNITY**

The Contractor shall indemnify and hold the City harmless from any and all claims, liability, damages, loss, cost and expense of every type whatsoever including, without limitation, attorney's fees and expenses, in connection with the Contractor's performance of this Contract, provided that such claims, liability, damage, loss, cost or expense is due to sickness, personal injury, disease or death, or loss or destruction of tangible property (other than the work itself), including loss of use resulting therefrom, to the extent caused by the Contractor, or anyone for whose acts the Contractor may be liable, regardless of whether such liability, claim, damage, loss, cost or expense is caused in part by the City.

**ARTICLE 15**  
**CLAIMS BY THE CONTRACTOR**

Claims by the Contractor against the City are subject to the following terms and conditions:

- (A) All Contractor claims against the City shall be initiated by a written claim submitted to the City. Such claim shall be received by the City no later than seven (7) calendar days after the event, or the first appearance of the circumstances, causing the claim, and the same shall set forth in detail all known facts and circumstances supporting the claim;
- (B) The Contractor and City shall continue their performance hereunder regardless of the existence of any claims submitted by the Contractor.
- (C) In the event the Contractor discovers previously concealed and unknown site conditions which are materially at variance from those typically and ordinarily encountered in the

general geographical location of the Project, the Contract Price shall be modified, either upward or downward, upon the written claim made by either party within seven (7) calendar days after the first appearance to such party of the circumstances. As a condition precedent to the City having any liability to the Contractor due to concealed and unknown conditions, the Contractor must give the City written notice of, and an opportunity to observe, such condition prior to disturbing it. The failure by the Contractor to give written notice and make the claim as provided by this Subparagraph 15(c) shall constitute a waiver by the Contractor of any rights arising out of or relating to such concealed and unknown condition.

- (D) In the event the Contractor seeks to make a claim for an increase in the Contract Price, as a condition precedent to any liability of the City therefor, the Contractor shall strictly comply with the requirements of Subparagraph 15(A) above and such claim shall be made by the Contractor before proceeding to execute any additional or change work. Failure of the condition precedent to occur shall constitute a waiver by the Contractor of any claim for additional compensation.
- (E) In connection with any claim by the Contractor against the City for compensation in excess of the Contract Price, any liability of the City for the Contractor's cost shall be strictly limited to direct cost incurred by the Contractor and shall in no event include indirect cost or consequential damages of the Contractor. The City shall not be liable to the Contractor for claims of third-parties including subcontractors, unless and until liability of the Contractor has been established therefor in a court of competent jurisdiction.
- (F) In the event the Contractor shall be delayed in performing any task which at the time of the delay is then critical, or which during the delay becomes critical, as the sole result of any act or omission by the City or someone acting in the City's behalf, or by City-authorized Change Orders, unusually bad weather not reasonably anticipatable, fire or other Acts of God, the date for achieving Substantial Completion, or, as applicable, final completion, shall be appropriately adjusted by the City upon the written claim of the Contractor to the City. A task is critical within the meaning of this Subparagraph 15(A) if, and only if, said task is on the critical path of the Project schedule so that delay in performing such task will delay the ultimate completion of the Project. Any claim for an extension of time by the Contractor shall strictly comply with the requirements of Subparagraph 15(A) above. If the Contractor fails to make such claim as required in this Subparagraph 15(F), any claim for an extension of time shall be waived.

#### **ARTICLE 16** **SUBCONTRACTORS**

Upon execution of this Contract, the Contractor shall identify to the City, in writing, those parties intended as subcontractors on the Project. The City shall, in writing, state any objections the City may have to one or more of such subcontractors. The Contractor shall not

enter into a subcontract with an intended subcontractor with reference to whom the City objects. The Contractor shall not award work to a subcontractor(s) in excess of fifty (50) percent of the Contract Price, without prior written approval of the City. All subcontracts shall afford the Contractor rights against the subcontractor which correspond to those rights afforded to the City against the Contractor herein. Nothing contained in this Contract shall create any contractual relation between any subcontractor and the City.

**ARTICLE 17**  
**WAGE RATES**

- (A) There shall be paid to each laborer or mechanic of the Contractor or subcontractor engaged in the work on the Project under this Contract in the trade or occupation, an hourly wage rate pursuant to §37-13-7 of the General Laws of the State of Rhode Island regardless of any contractual relationship which may be alleged to exist between the Contractor or any subcontractor and such laborers and mechanics.
- (B) If, after the award of the Contract, it becomes necessary to employ any person in a trade or occupation not classified in the Contract, such person shall be paid at not less than a rate to be determined by the same authority which established the other wage rates for this Contract. Such approved minimum rate shall be retroactive to the time of the initial employment of such person in such trade or occupation. The Contractor shall notify the City of his intention to employ persons in trades or occupations not classified in sufficient time for the City to obtain approved rates for such trades or occupations.
- (C) The foregoing specified wage rates are minimum rates only, and the City will not consider any claims for additional compensation made by the Contractor because of payment by the Contractor of any wage rate in excess of the applicable rate contained in this Contract. All disputes in regard to the payment of wages in excess of those specified in this Contract, shall be adjusted by the Contractor.
- (D) Except as may otherwise be required by law, all claims and disputes pertaining to the classification of labor employed on the Project under this Contract, shall be decided by the City's governing body or other duly designated official.

**ARTICLE 18**  
**CHANGE ORDERS**

One or more changes to the work within the general scope of this Contract, may be ordered by Change Order. The Contractor shall proceed with any such changes, and the same shall be accomplished in strict accordance with the following terms and conditions:

- (A) Change Order shall mean a written order to the Contractor executed by the City after execution of this Contract, directing a change in the work and may include a change in the Contract Price or the time for the Contractor's performance, or any combination thereof. Said change orders must be approved by the City Manager on behalf of the City;

- (B) Any change in the Contract Price resulting from a Change Order shall be determined as follows:
- (1) By mutual agreement between the City and the Contractor as evidenced by (a) the change in the Contract Price being set forth in the Change Order, (b) such change in the Contract Price, together with any conditions or requirements relating thereto, being initialed by both parties and (c) the Contractor's execution of the Change Order; or,
  - (2) If no mutual agreement occurs between the City and the Contractor, the change in the Contract Price, if any, shall be derived by determining the reasonable actual costs incurred or savings achieved, resulting from revisions in the work. Any such costs or savings shall be documented in the format, and with such content and detail as the City requires.
- (C) The execution of a Change Order by the Contractor shall constitute conclusive evidence of the Contractor's agreement to the ordered changes in the work, this Contract as thus amended, the Contract Price and the time for performance by the Contractor. The Contractor, by executing the Change Order, waives and forever releases any claim against the City for additional time or compensation for matters relating to or arising out of or resulting from the work included within or affected by the executed Change Order.
- (D) The Contractor shall notify and obtain the consent and approval of the Contractor's surety with reference to all Change Orders if such notice, consent or approval are required by the City, the Contractor's surety or law. The Contractor's execution of the Change Order shall constitute the Contractor's warranty to the City that the surety has been notified of, and consents to, such Change Order and the surety shall be conclusively deemed to have been notified of such Change Order and to have expressly consented thereto.

#### ARTICLE 19

#### **DISCOVERING AND CORRECTING DEFECTIVE OR INCOMPLETE WORK**

- (A) In the event that the Contractor covers, conceals or obscures its work in violation of this Contract or in violation of a directive from the City, such work shall be uncovered and displayed for the City's inspection upon request, and shall be reworked at no cost in time or money to the City;
- (B) If any of the work is covered, concealed or obscured in a manner not covered by Subparagraph 19(A) above, it shall, if directed by the City, be uncovered and displayed for the City's inspection. If the uncovered work conforms strictly with this Contract, the costs incurred by the Contractor to uncover and subsequently, replace such work shall be borne by the City. Otherwise, such costs shall be borne by the Contractor;

- (C) The Contractor shall, at no cost in time or money to the City, correct work rejected by the City as defective or failing to conform to this Contract. Additionally, the Contractor shall reimburse the City for all testing, inspections and other expenses incurred as a result thereof;
- (D) In addition to its warranty obligations set forth elsewhere herein, the Contractor shall be specifically obligated to correct any and all defective or nonconforming work for a period of twelve (12) months following final completion upon written direction from the City.
- (E) The City may, but in no event be required to, choose to accept defective or nonconforming work. In such event, the Contract Price shall be reduced by the greater of (1) the reasonable costs of removing and correcting the defective or nonconforming work, and (2) the difference between the fair market value of the Project as constructed and the fair market value of the project had it not been constructed in a manner as to include defective or nonconforming work. If the remaining portion of the unpaid Contract Price, if any, is insufficient to compensate the City for the acceptance of defective or nonconforming work, the Contractor shall, upon written demand from the City, pay the City such remaining compensation for accepting defective or nonconforming work.

**ARTICLE 20**  
**TERMINATION BY THE CONTRACTOR**

If the City repeatedly fails to perform its material obligations to the Contractor for a period of thirty (30) days after receiving written notice from the Contractor of its intent to terminate hereunder, the Contractor may terminate performance of this Contract by written notice to the City. In such event, the Contractor shall be entitled to recover from the City as though the City had terminated the Contractor's performance under this Contract for convenience pursuant to Subparagraph 22(A) hereunder.

**ARTICLE 21**  
**CITY'S RIGHT TO SUSPEND CONTRACTOR'S PERFORMANCE**

- (A) The City shall have the right at any time to direct the Contractor to suspend its performance, or any designated part thereof, for any reason whatsoever, or without reason, for a cumulative period of up to thirty (30) calendar days. If any such suspension is directed by the City, the Contractor shall immediately comply with same;
- (B) In the event the City directs a suspension of performance under this Paragraph 21, through no fault of the Contractor, the City shall pay the Contractor as full compensation for such suspension the Contractor's reasonable costs, actually incurred and paid, of:
  - (1) demobilization and remobilization, including such costs paid to subcontractors;
  - (2) preserving and protecting work in place;
  - (3) storage of materials or equipment purchased for the Project, including insurance

- thereon;
- (4) performing in a later, or during a longer, time frame than that contemplated by this Contract.

**ARTICLE 22**  
**TERMINATION BY THE CITY**

The City may terminate this Contract in accordance with the following terms and conditions:

- (A) The City may, for any reason whatsoever, terminate performance under this Contract by the Contractor for convenience. The City shall give written notice of such termination to the Contractor specifying when termination becomes effective. The Contractor shall incur no further obligations in connection with the work and the Contractor shall stop work when such termination becomes effective. The Contractor shall also terminate outstanding orders and subcontracts. The Contractor shall settle the liabilities and claims arising out of the termination of subcontracts and orders. The City may direct the Contractor to assign the Contractor's right, title and interest under termination orders or subcontracts to the City or designee. The Contractor shall transfer title and deliver to the City such completed or partially completed work and materials, equipment, parts, fixtures, information and Contract rights as the Contractor has. When terminated for convenience, the contractor shall be compensated as follows:
- (1) The Contractor shall submit a termination claim to the City specifying the amounts due because of termination for convenience together with costs, pricing or other data required by the City. If the Contractor fails to file a termination claim within one (1) year from the effective date of termination, the City shall pay the Contractor, an amount derived in accordance with Subparagraph (3) below;
  - (2) The City and the Contractor may agree to the compensation, if any, due to the Contractor hereunder;
  - (3) Absent agreement to the amount due to the Contractor, the City shall pay the Contractor the following amounts:
    - a) Contract prices for labor, materials, equipment and other services accepted under this contract;
    - b) Reasonable costs incurred in preparing to perform and in performing the terminated portion of the work, and in terminating the Contractor's performance, plus a fair and reasonable allowance for jobsite overhead and profit thereon (such profit shall not include anticipated profit or consequential damages); provided however, that if it appears that the Contractor would not have profited or would have sustained a loss if the entire Contract would have been completed, no profit shall be allowed or included and the amount of compensation shall be reduced to reflect the

- anticipated rate of loss, if any;
- c) Reasonable costs of settling and paying claims arising out of the termination of subcontracts or orders pursuant to Subparagraph 18(A) of this Paragraph. These costs shall not include amounts paid in accordance with other provisions hereof.

The total sum to be paid the Contractor under this Subparagraph 18(A) shall not exceed the total Contract Price, as properly adjusted, reduced by the amount of payments otherwise made, and shall in no event include duplication of payment.

- (B) If the Contractor does not perform the work, or any part thereof, in a timely manner, supply adequate labor, supervisory personnel or proper equipment or materials, or if it fails to timely discharge its obligations for labor, equipment, and materials, or proceeds to disobey applicable law, or otherwise commits a violation of a material provision of this Contract, then the City, in addition to any rights it may have against the Contractor or others, may terminate the performance of the Contractor and assume possession of the Project site and of all materials and equipment at the site and may complete the work. In such case, the Contractor shall not be paid further until the work is complete. After final completion has been achieved, if any portion of the Contract Price, as it may be modified hereunder, remains after the cost to the City of completing the work, including all costs and expenses of every nature incurred, has been deducted by the City, such remainder shall belong to the Contractor. Otherwise, the Contractor shall pay and make whole the City for such cost. This obligation for payment shall survive the termination of the Contract. In the event the employment of the Contractor is terminated by the City for cause pursuant to this Subparagraph 22(B) and is subsequently determined by a Court of competent jurisdiction that such termination was without cause, such termination shall thereupon be deemed a Termination for Convenience under Subparagraph 2(A) and the provision of Subparagraph 22(A) shall apply.

### ARTICLE 23 INSURANCE

The Contractor shall carry and maintain the following insurance coverage at his own expense and add the City of East Providence as an additionally insured

- (A) All insurance for this Contract shall be written by a company (or companies) acceptable to the City and all policies or certificates shall be submitted to the City for examination prior to commencement of operations by the Contractor. In the event any policy or certificate, the amount of the insurance, or the company writing same are not satisfactory to the City, the Contractor shall secure other policies or certificates in form and amount with a company satisfactory to the City. The Contractor shall not permit policies to be changed, cancelled, or to lapse and all policies shall include a clause to the effect that the policy shall not be subject to cancellation or a reduction in the limits of liability or amounts of insurance until notice has been sent by mail to the City stating when, (not less than thirty days thereafter) such cancellation or reduction shall be effective. All certificates of insurance shall be delivered to the City and contain true transcripts from

the policy or policies authenticated by the proper officer of the insurer evidencing in particular those insured, the extent of the insurance, the location and operations to which the insurance applies, the expiration date and the above mentioned notice as to the location and operations involved.

If any part of the work is sublet, similar insurance shall be provided by or in behalf of the subcontractors to cover their operations. The Contractor shall be charged with the responsibility for insurance protection for all his subcontract operations and should the Contractor's policy not cover each and every subcontractor, certificates of insurance acceptable to the City covering each and every subcontractor shall be filed with said City prior to the commencement of subcontract operations.

(B) Contractor's Liability Insurance.

Liability insurance shall include all major divisions of coverage and be on a comprehensive general liability basis including:

- Premises - Operations (including X-C-U)
- Independent Contractor's protective
- Products & completed operations
- Blanket Contractual
- Owned, non-owned and hired motor vehicles
- Broad form coverage for property damage (including explosion, collapse and underground).

(C) The insurance required by this Subparagraph (b) shall be written for not less than the following, or greater if required by Law:

- (1) Workers' Compensation:
  - a. State of Rhode Island - Statutory
  - b. Employer's Liability
- (2) Comprehensive General Liability (including Premises Operations; Independent Contractor's Protective; Products & Completed Operations; Broad Form Property Damage):
  - (a) Bodily Injury:
    - \$1,000,000 - Each Occurrence
    - \$1,000,000 - Annual Aggregate
  - (b) Property Damage:
    - \$1,000,000 - Each Occurrence
    - \$1,000,000 - Annual Aggregate
  - (c) Products & Completed Operations to be maintained for one (1) year after final payment.
  - (d) Property Damage Liability Insurance will provide X, C, or U coverage as

applicable.

(3) Contractor's Liability:

(a) Bodily Injury:  
\$1,000,000 - Each Occurrence

(b) Property Damage:  
\$1,000,000 - Each Occurrence  
\$1,000,000 - Annual Aggregate

(4) Personal injury, with Employment Exclusion deleted:  
\$1,000,000 Annual Aggregate

(5) Comprehensive Automobile Liability:

(a) Bodily Injury:  
\$ 500,000 - Each Person  
\$1,000,000 - Each Occurrence

(b) Property Damage:  
\$1,000,000 - Each Occurrence

(6) Property Insurance:

The Contractor shall purchase and maintain property insurance upon the entire Work at the site to the full insurable value thereof. This insurance shall include the interests of the City, the Contractor, Subcontractors and Subcontractors in the Work shall insure against the perils of fire and extended coverage and shall include "all risk" insurance for physical loss or damage including, without duplication of coverage, theft, vandalism and malicious mischief.

(D) Insurance Covering Special Hazards:

Special hazards shall be covered by rider or riders to the Public Liability and Property Damage Insurance policy or policies herein above required to be furnished by the Contractor or by separate policies of insurance in the amounts stated in Paragraph 5(C).

(1) Property Damage Liability arising out of the collapse of or injury to any building or structure due to excavation (including burrowing, filling or backfilling in connection therewith), tunneling, pile driving, cofferdam work, or caisson work; or moving, shoring, underpinning, razing or demolition of any building or structure, or removal or rebuilding of any structural support thereof.

(2) Property Damage Liability for injury to or destruction of property arising directly

or indirectly from blasting or explosions, however caused, other than explosions of air or steam vessels, piping under pressure, prime movers, machinery, or power transmitting equipment.

- (3) Property Damage Liability for injury to or destruction of wires, conduits, pipes, mains, sewers, or other similar property, or any apparatus in connection therewith below the surface of the ground arising from and during the use of mechanical equipment for the purpose of excavating or drilling within project limits; injury to or destruction of property at any time resulting there from.
- (4) The Contractor shall require similar insurance in such amounts to be taken out and maintained by each subcontractor.

(E) "ALL RISK" Insurance:

The Contractor shall acquire and maintain "All Risk" type Builder's Insurance. This insurance shall be in an amount equal to 100% of the insurable portion of the Project, and shall be for the benefit of the City, the Contractor, and each subcontractor as their interest may respectively appear.

#### ARTICLE 24 **SURETY BONDS**

The Contractor shall be licensed to do business in the State of Rhode Island and shall furnish separate performance and payment bonds to the City. Each bond shall set forth a penal sum in an amount of not less than the Contract Price. Each bond furnished by the Contractor shall incorporate by reference the terms of this Contract as fully as though they were set forth verbatim in such bonds. In the event the Contract Price is adjusted by Change Order executed by the Contractor, the penal sum of both the performance bond and the payment bond shall be deemed increased by like amount. The performance and payment bonds furnished by the Contractor shall be in form suitable to the City and shall be executed by a surety, or sureties, reasonably acceptable to the City.

#### ARTICLE 25 **PATENTS**

The Contractor shall pay all applicable royalties and license fees. The Contractor shall defend all suits or claims for infringement of any patent rights, and save the City harmless from loss on account thereof, except that the City shall be responsible for any such loss on when a particular process, design, or product of a manufacturer(s) is specified. However, if the Contractor has reason to believe that the design, process or product specified is an infringement of a patent, the Contractor shall be responsible for such loss unless the Contractor promptly gives such information to the City.

**ARTICLE 26**  
**APPRENTICES**

Apprentices shall be permitted to work only under a bona fide apprenticeship program registered with a State Apprenticeship Council which is recognized by the Federal Committee of Apprenticeship, United States Department of Labor; or if no such Council exists in a State, under a program registered with the Bureau of Apprenticeship, United States Department of Labor.

**ARTICLE 27**  
**ASSIGNMENTS**

The Contractor shall not assign the whole or any part of this Contract, or any monies due or to become due hereunder, without the written consent of the City. In case the Contractor assigns all or any part of any monies due or to become due under this Contract, the instrument of assignment shall contain a clause substantially to the effect that it is agreed that the right of the assignee in and to any monies due or to become due to the Contractor shall be subject to prior claims of all persons, firms or corporations for services rendered or materials supplied for the performance of the work called for in this Contract.

**ARTICLE 28**  
**APPLICABLE LAW**

The law is hereby agreed to be the law of the State of Rhode Island.

**ARTICLE 29**  
**SUCCESSORS AND ASSIGNS**

Each party binds itself, its successors, assigns, executors, administrators or other representatives to the other party hereto and to successors, assigns, executors, administrators or other representatives of such party in connection with all terms and conditions of this Contract.

**STATE OF RHODE ISLAND  
CITY OF EAST PROVIDENCE**

**RESOLUTION NO.**

**RESOLUTION AUTHORIZING THE SUBMISSION OF A GRANT APPLICATION  
TO THE RHODE ISLAND DEPARTMENT OF ENVIRONMENTAL MANAGEMENT  
RECREATION DEVELOPMENT GRANT PROGRAM FOR IMPROVEMENTS  
TO THE KENT HEIGHTS RECREATIONAL FACILITY**

**WHEREAS**, funds are available for recreation improvements under the Rhode Island Recreation Development Grant Program administered by the Department of Environmental Management that require the City to provide a minimum of a 20% match of funds; and

**WHEREAS**, the City is committed to provide \$150,000 in matching funds allocated for improvements to the Kent Heights Recreational Facility; and

**WHEREAS**, it is in the interest of the citizens of the City of East Providence that application be made to improve recreation areas within the City; and

**WHEREAS**, the City Council of the City of East Providence desires grant assistance from the Rhode Island Department of Environmental Management for improvements to the Kent Heights Recreational Facility.

**NOW, THEREFORE, BE IT RESOLVED**, that the City Council of the City of East Providence hereby authorizes the Planning Department to submit the necessary grant application to the State of Rhode Island Department of Environmental Management Recreation Development Grant Program for improvements to the Kent Heights Recreational Facility.

This resolution shall take effect upon passage.
