

**PETITION FOR ZONE CHANGE**

**SUPPLEMENTAL INFORMATION**

Petitioner: Metacomet Property, LLC  
Property Address: 500 Veterans Memorial Parkway, East Providence, RI (the “Property”)  
Plat/Lot: Assessor’s Map 107, Block 15, Lot 001  
Current Zoning: O-1  
Proposed Zoning: Waterfront District – New Metacomet Subdistrict

**A. Dimensions of Site; List of All Existing Buildings and Uses**

Please see enclosed plans prepared by Bohler Engineering MA, LLC identifying the Property’s dimensions, existing buildings and uses.

**B. Section/or subject area that is the subject of the petition:**

Please see enclosed plans prepared by Bohler Engineering MA, LLC identifying the subject property and surrounding area.

**C. Description of Nature and Scale of Proposal:**

The petitioner is respectfully requesting that the City Council amend the City’s Zoning Ordinance to change the current zoning of the Property from O-1 to the Metacomet Subdistrict, a new zoning subdistrict in the Waterfront District. The Property is known as A.M. 107 – Block 15 – Lot 001, located along Veterans Memorial Parkway, Lyon Avenue and Fort Street. The Property was formerly used for the Metacomet Golf Club, a use that has recently been discontinued. The petition seeks to permit certain uses, outlined in the proposed ordinance attached hereto, on a portion of the property consisting of approximately 61 acres and shown as the area marked “A” on the plans entitled “Land Use Plan” prepared by Bohler Engineering MA, LLC and attached to the proposed ordinance attached hereto as Addendum 1 (the “Land Use Plan”). The petition would restrict the approximately 48 acre area marked “C” on the Land Use Plan to only those uses that are allowed in the current “Open Space” zoning district, and any rezoning of the Property would be further conditioned on, among other things, the development by the Property’s owner of this approximately 48-acre area into a 9-hole golf course, at the property owner’s expense, during the first phase of development of the Property. Finally, the approximately 9.5-acre area shown on the Land Use Plan as area “B” would be deeded to the City for use as open space, to be determined by the City, as a condition to approval of the petition. Further conditions to approval are also proposed in the attached ordinance. In addition, the zone and text change amendment would require an amendment to the Comprehensive Plan Future Land Use Map and Waterfront District Plan.

**D. Relation of the proposed action to the City Comprehensive Plan**

Future Land Use Map Amendment: Proposed Change A.M. 107 – Block 15 – Lot 001 to new “Metacomet” East Providence Waterfront Special Development District Sub-District from its current designation as “Open Space”.

Several portions of the City of East Providence Comprehensive Plan are relevant to the proposed amendment, including the following:

**LAND USE ELEMENT:**

**East Providence shall seek to make development and investment decisions that promote economic development and broaden the tax base of the City and provide employment opportunities for City residents, that enhance potential downtown and village centers, that provide a range of housing choices, that maintain the density and character of existing neighborhoods, that provide recreation and open space, parks, playgrounds and linkages such as pedestrian paths and bikeways, that provide new opportunities for public access to the waterfront, and new places to work, live and recreate on the waterfront, that maintain infrastructure, that lessen our community’s impact on the environment by becoming more sustainable and that look for opportunities to increase use of renewable energy, and decisions that retain the qualities that residents desire and cite as to why they choose to live in East Providence.**

**Land Use Goals and Objectives**

- **Goal 1.0: Ensure that remaining vacant land or redeveloped parcels in the City are used for their maximum benefit to the community, and are of high-quality design and in character with the adjoining parcels and neighborhood.**
- **Objective 1.5 Rezone parcels, where appropriate, to provide opportunities for development, residential, commercial, or mixed use, that is compatible with surrounding land uses.**
- **Objective 1.6 Target future land uses that will increase the tax base of East Providence as municipal costs increase and residential growth decreases.**
- **Objective 1.7 Target future land uses that will create significant job opportunities in the community, in a manner compatible with surrounding land uses.**
- **Objective 2.2: Continue to assess the existing zoning ordinance and revise as necessary to promote flexibility in development, to maintain the scale and character of existing areas and preserve the densities of existing residential neighborhoods.**
- **Objective 2.6: Work with private land owners to prepare plans that meet the goals and objectives of the Plan and the developer.**
- **Objective 2.7: Link the approval of new development proposals, including infill proposals, to the existing capabilities of the infrastructure.**

- **Objective 3.4: Diversify the City's existing tax base to reduce the tax burden on residential properties.**

#### **ECONOMIC DEVELOPMENT ELEMENT**

**The vision of economic development in East Providence includes the development of a diverse job base predicated on attracting new high quality industry to the City, as well as maintaining the wide variety of existing businesses within the community. New industry should respect existing neighborhoods, maximize the use of existing infrastructure and positively contribute to the City's tax base. The City should also develop a comprehensive program of support services to encourage the consolidation and expansion of existing businesses through targeted assistance and public infrastructure improvements and should be consistent with the goals and policies identified within the Land Use Element of the Comprehensive Plan.**

- **GOAL 1: Foster a positive business environment for the existing business community within East Providence.**
- **GOAL 2: Facilitate economic development of appropriate vacant or underutilized parcels of land within the City to broaden the tax base and create local and regional job opportunities.**
- **GOAL 3: Diversify the economic base of the City of East Providence through a combined effort to market the City in general as a "good place to do business" and pursue targeted economic development opportunities matched to the City's assets.**

**SECTION II.** Chapter 19-480 entitled “Uses Permitted” of Article IX entitled “Waterfront Special Development Districts” of Chapter 19 entitled “Zoning” is hereby amended by adding thereto the following:

Sec. 19-480. - Uses permitted.

(a) The following table lists the sub-districts within the waterfront district, and the uses permitted within each sub-district. The purpose of these regulations is to ensure compatibility and efficient, economical use of land within the waterfront district. These regulations are also intended to encourage development projects and use of land which is functional, and to protect the city's residences, businesses, and infrastructure in a manner that is consistent with the comprehensive plan.

This article is intended to enable the development of the waterfront district in keeping with the scale and character set forth in the East Providence Waterfront Special Development District Plan. It provides a framework to allow higher land use densities in a context that promotes mixing land uses and building types, provides larger common open space areas and contiguous public access to and along the waterfront, lowers street and utility costs because of reduced frontage, and promotes a concentration of uses within a pedestrian friendly environment. Waterfront development is guided by a development plan review process in which the East Providence Waterfront special development district commission has significant involvement in determining the scale of the development and the character of the uses.

(1) Permitted uses are any use allowed in the waterfront district by this article IX, subject to the provisions applicable to that sub-district contained within this article.

(2) Accessory uses are uses which are considered to be subordinate to, and serve the main building or principal use; contribute to the comfort, convenience or necessity of the occupants of

the main building or principal use served; are subordinate in area, extent and purpose to the main building or principal use served; are located within or external to the main building or principal use, but on the same lot.

(3) Conditional uses are a discretionary entitlement which may be granted under the provisions of this article, and which, when granted, authorize a specific use to be made of a specific property, subject to compliance with all terms and conditions imposed on the entitlement by the East Providence Waterfront special development district commission.

(b) Any change in the principal use of a property, or within the buildings or structures located on a property, shall be required to be reviewed by the executive director for compliance with the district regulations set forth for the zoning of said property, prior to the occurrence of the proposed change in use.

(c) Unnamed uses, or uses not specifically defined in this article, are not allowed except as follows:

(1) Upon application therefore, the executive director may determine whether a proposed use which is not specifically named within any zone district created by this article, and is not an accessory use, is similar to and compatible with uses otherwise allowed within a specific zone district and may, upon making a determination of similar and compatible uses, allow the proposed use within that district.

(2) In making the determination of similarity and compatibility, the executive director shall consider, among other relevant matters, traffic generation, density of population, and hours of operation of the proposed use in comparison to specifically named uses within the district in question, and with named uses permitted in other zone districts.

(d) The waterfront district encourages mixed land uses which may include, but are not limited to, any combination of housing, offices, retail and service businesses, and public and civic uses. Land uses may be mixed by floor (vertically within a building) or horizontally on a parcel of land. Office and residential uses are encouraged above ground level retail spaces. The scale of mixed use may range from a single stand-alone retail use with residential uses on upper stories, to a major development that integrates housing, offices, shops, streets and public spaces.

The intent of the waterfront district is to provide uses in conformance with the East Providence Waterfront Special Development District Plan. The plan identifies a range of general land uses within each of the waterfront sub-districts, as described in the following subsections:

(1) *Kettle Point*: Medium density residential, with ancillary commercial uses including restaurants, clubhouses, marinas and limited retail geared toward residents.

(2) *Veterans Memorial Parkway*: Medium density multi-family residential along the Veterans Memorial Parkway frontage, with commercial and retail uses at the lower levels of the site, and marina uses at the waterfront.

(3) *Bold Point Harbor*: A mixed-use high density area of commercial, office, retail and high density multi-family residential uses. Hospitality uses, including hotels and lodging, cafes, restaurants, bars and entertainment venues are also encouraged. Marinas, with limited support services, and water-transit related services are also permitted. Heavy commercial or industrial land uses are not permitted.

(4) *Crook Point*: Retail and hospitality uses are encouraged closer to the Washington Bridge, with commercial office, retail and high density residential uses transitioning north toward the Henderson Bridge.

(5) *Dexter Road*: Technology-oriented light manufacturing, including offices, research and development, commercial education institutions and supportive commercial retail uses. Heavy commercial, mini-storage or industrial land uses are not permitted.

(6) *Phillipsdale*: A mix of commercial office, retail, mixed-density residential (single-family, townhouses and multifamily condominiums), light manufacturing (in selected areas) and artisan live/work studio space.

(7) *Pawtucket Avenue*: Commercial office, light manufacturing and research and development, with medium density multifamily residential in selected areas.

(8) *Metacomet*: A mix of commercial office, retail, mixed-density residential (single-family, townhouses and multifamily condominiums), continuing care, fast food, conference centers, hotel, pharmacies, recreation and outdoor uses.
