

RECOGNIZING SIGNS OF COGNITIVE DECLINE

Monday, July 20

10:00AM

We can all forget something here and there. After all, we are human but when does our lapse in memory become a sign of something more serious? Early detection can make a big difference in treatment and your ability to maintain independence. Join us for a presentation with a health expert from Hope Health to learn more.

Registration is required. Sign up sheet is located at the front desk or by calling 401-435-7800.
