c) City Council Solicitor RFP (Request for Proposal) Discussion

Councilwoman Sousa

Councilwoman Sousa brought up the item from previous meetings about legal legislative representation. The City currently has a City Solicitor and an Assistant City Solicitor. She expressed that it is important to have someone dedicated to the Council and is neutral to the City. Councilman Cahoon mentioned that funds were allocated during budget season for the Council's own legal services, it was his understanding that it would be Mr. Conley performing those services. His preference would be that Mr. Conley would do it simply because he understands the twists and tweaks over the last few years and state law. Council President Britto mentioned that he made the suggestion that we have legal counsel under our nose that we can utilize and tap into and feels comfortable having Mr. Conley represent the Council. Council Vice President mentioned that he did recall this discussion and that Assistant Solicitor Conley would represent them at Council Meetings and Solicitor Marcello would be general administration.

Assistant Conley stated that as a part of their office both himself and Solicitor Marcello shall represent the Council. The Charter states that the Solicitors represent the Council and the Mayor. Councilman Mourato stated that he concurs with Councilwoman Sousa's concerns and other points mentioned. He did mention that this sounds more like a Charter change. Councilwoman Sousa did conclude that this is not a personal issue, as she works very well with the legal team but the delayed communication due to other professional commitments is an issue.

d) Rhode Island Infrastructure Bank Clean Water and Drinking Water Bond Savings – Allocation of the \$503,326.00 refund Councilman Mourato

Councilman Mourato looked into clarifying how the refund will be utilized by reaching out to Paul Luba. Mr. Luba approached the Council stating that he spoke with the Infrastructure Bank Council, the fiscal advisor from Southwest, the auditors and finance director of Woonsocket.

The main rule is the refunding has to be spent in the Enterprise Fund for which generated it, (what the bond was for). How that breaks out \$309,000 was for Water Fund and \$194,000 was for Wastewater. The total amount must be split in this way. Each of the finance directors had to sign an agreement with a clause that said it had to be spent and support of water projects. The wastewater fund had to be spent of wastewater projects. Those were the two main rules. The only thing is cannot do is issue a rebate to your water and wastewater users. Council President asked if it could be used to pay down the bond? Mr. Luba stated yes they could do that. Councilman Cahoon asked if we were to establish a Capital Improvement Plan within the Enterprise Fund, that would be an appropriate use of funds? Mr. Luba stated that we already kind of have something like that, but yes the City could do that.

e) Discussion: East Providence Resiliency

Council President Britto

Council President Britto is a part of a committee in Providence. They discuss resiliency in the City of Providence. What types of plans does the City have if they were hit by a bad storm or rising sea levels? Council President referenced flooded areas and wanted to know that in the event of a storm surge, does the City have a plan of action? He mentioned robocalls and making sure that we have all the most updated contact information to reach people? Council President Britto called on Mr. Bill Fazioli to address the Council. Mr. Fazioli mentioned that since 2010 the City has had 4 declaration of disasters. There is a mitigation plan completed in 2017 and is part of the Emergency Management Plan and is available on the City's website.

 - Claims Committee Report Solicitor Dylan Conley Five votes in executive session all were unanimous.

2. Handicapped Parking Removal 264 Juniper – Steve Coutu

Sponsored by: Councilwoman Sousa

Councilwoman Sousa brought this to the Council to have this removed, due to information that this was not really as a necessity and more of a way to hold the front of his home empty so that no one else could park there. Also, it was found that this was not even for a resident but for the resident's friend who does not live in the City or at the address. Petition by residents was signed and given to Councilwoman Sousa, which then directed the City Clerk, Samantha Burnett, to include this to record.

Motion to approve removal made by Councilwoman Sousa. Motion seconded by Councilman Mourato. Motion passes 5-0.

Council President Britto stated when this was originally presented, he voted no, and based off the community voices heard at the last Council meeting, he will keep to his original decision regarding the park. Councilwoman Sousa wanted clarification that this resolution still allocates funds to the park, but the plans to not include the soccer field. CITY OF EAST PROVIDENCE

RESOLUTION NO.

RESOLUTION IN SUPPORT OF 2020-H7430, 2020-H7480 AND 2020-S2285 RELATING TO PRIMARY ELECTION DATES

WHEREAS, to meet Federal regulations and to ensure that service men and women stationed all over the world have an opportunity to receive, cast and return election ballots in time for state and federal elections in November, the Rhode Island General Assembly amended R.I.G.L. § 17-15-1 to require primary elections to be held on the 8th Tuesday preceding biennial state elections; and

WHEREAS, in most years, this change will not affect municipalities financially; however, in some years, such as 2020 and 2026 when the primary will fall on the day after Labor Day, there will be a major financial expense to municipalities, especially those municipalities with a large number of polling places to set up; and

WHEREAS, with set-ups the day before elections, the overtime for employees working on a holiday will add many thousands of dollars to municipal budgets around the state; and

WHEREAS, to eliminate these added costs, legislation has been introduced in the General Assembly which would move the September primary to Wednesday in the years the primary is to be held during the same week as Labor Day; and
