**Discussion / Action / Vote / Update regarding Ice Miller LLP Documents**

The clerk stated that all Board members should have received the proposed policies by e-mail to review before the meeting. The Solicitor stated that this was a long time in coming. It’s the first round of policies required to have by the IRS to make sure the pension is compliant. This adopted policy will allow Ice Miller to petition the IRS for compliance. The document was reviewed and there were corrections made. It was clarified that there are no more QDRO’s under this plan. The Vice Chairman had one questions. In Section 4 (1) where did they come up with the end date of November 1, 1988? He looked in the police contract and could not find any reference to that date. The Solicitor stated that it must have been in one of the prior contracts because they were all provided to Ice Miller. The Vice Chairman stated that this wasn’t being followed and did it make it null and void. He knows pensions were given out after 11/1/88 following the (A) (B) (C). The clerk stated that there is an Appendix A referred to in the Fire contract that is not posted online and is not in the Police contract. The two contracts do not mirror each other exactly. The Vice Chairman stated that the ordinances don’t have these dates that he could see. His concern is that members will age out and not receive a pension. They will not be able to work long enough to be vested. Trustee DaSilva stated that he sees the point Vice Chairman is trying to make. As he reads further down, he doesn’t see anywhere about being vested after ten years of service. It was stated that it might be in the contract or the ordinances. The Vice Chairman asked the Solicitor to have that checked. He doesn’t want this issue to come up down the road when somebody goes to retire after they are forced out by age and don’t have a pension possibly because of the 11/1/88 date. Trustee DaSilva asked if the IRS code set the vesting and the Solicitor explained the information came from the pension not the IRS. The Vice Chairman said Ice Miller cut and pasted and he doesn’t see that date and would like to know where it came from, it appears that is was added by Ice Miller. The Solicitor stated that it must be in the ordinances. Trustee DaSilva understands exactly what the Vise Chairman is getting at. He is wondering if the contract or

the ordinance should say “after ten years” to avoid the confusion. Trustee Bellamy asked for clarification. Stating that it’s in the ordinances and this document is only for IRS compliance and we would still follow the ordinances and current contracts so it shouldn’t be a problem. The Vice Chairman stated that is what the problem is, the document is in conflict with the City ordinances, that date was added. The Solicitor said that the policy could be adopted and could be amended if necessary, it was for IRS compliance. The Solicitor will check with Ice Miller regarding Sections 4.

A motion was made to adopt the proposed policies and have the Solicitor reach out to Ice Miler regarding the language in Section 4 (1) (A)
