shall be deducted from the sick leave payment. Additional time may be granted at the reasonable discretion of the City Manager, without deduction, in cases of major illness.

(E) The City will provide an annual printout to each employee which will list the member's annual vacation and sick leave use and balance.

(F) Sick Leave Bank. Sworn members of the police department may apply for the sick leave bank when they have an incapacitating illness/injury that is expected to last more than 30 calendar days. The employee must first exhaust all their accrued sick, personal, vacation, and compensatory leave. Approval for use of the sick leave bank within the guidelines of this Article will be determined by a committee of three (3) which will be appointed by the President of IBPO Local 569. The approved request for the sick leave bank must then be made to the Human Resources Director in writing. Medical documentation verifying the nature and expected duration of the illness/injury and the member's incapacity to perform assigned duties must accompany the request and is necessary to process sick leave bank requests. In the event that a member is physically or mentally unable to make a request, a family member or union representative may file it on their behalf. The maximum time limit under which an employee may be covered by the sick leave bank program shall be three (3) months. A sworn member of the police department may transfer within any twelve (12) month period up to five (5) days of accumulated sick leave credits, vacation leave, personal leave, or compensatory leave to another employee under the sick leave bank guidelines. The Department of Human Resources will be responsible for maintaining all records for the sick leave bank.

(G) Catastrophic Leave Program. In the event that an employee's incapacity is diagnosed as terminal, i.e., the employee's illness is expected to inevitably lead to death in a

short time, the employee may request catastrophic leave. Catastrophic leave will be applied after the employee has exhausted all their accrued sick, personal, vacation, and compensatory leave but will not be deducted from the sick leave bank. The City may ask the employee to undergo, at the City's expense, a medical review by a physician approved by the City before granting catastrophic leave. The maximum time limit under which an employee may be covered by the Catastrophic Leave Program shall be one year. The City Manager may approve an additional period of time in extraordinary circumstances on a case-by-case basis.

9.02 DEATH PAYMENT

In the event of death, the beneficiary shall receive all sick and vacation pay accrued at the time of death.

9.03 IN LINE OF DUTY ILLNESS

(A) In line of duty illness shall be in conformity with the General Laws of Rhode Island, 1956, as amended, §45-19-1.

Members of the police department covered by this agreement who are injured in the line of duty shall receive full salary while their incapacity exists or until they are placed on disability retirement. Members working pursuant to Section 15.01 of this agreement and who are injured in the line of duty shall receive the pay and benefits pursuant to Section 15.01 while their incapacity exists or until they are placed on disability retirement. This section is in conformity with General Laws of Rhode Island, 1956, as amended, §45-19-1.

(B) Hypertension shall not be considered a "line of duty" illness unless a member's doctor and a physician designated by the city shall certify that the member is incapacitated. In the event of a dispute, a third physician mutually agreed upon shall examine the member and his findings shall prevail.

(C) When a patrol officer or superior officer has been certified by the employee's physician or the City's physician as capable of performing light duties as a result of an injury or illness on or off the job, the City, consistent with its needs and in its best interest, shall assign such patrol officer or superior officers for light duty in the department. Such assignment shall be for such a period of time as to be determined by the Chief of Police but not to exceed one year unless approved by the City Manager. The assignments to such light duty shall be on a "first out--first in basis" as available. Light duty assignments shall consist of Dispatching, Clerk, PBX Operator or other functions assisting the department in light capacity. Light duty assignments are not restricted to a particular shift or workweek. In the event the employee's physician and the City's physician disagree as to the employee's medical capability to perform light duties, a third physician agreed to by the Union and the City shall examine the member and the physician's findings shall prevail. The impartial physician will be selected through a "check off selection process" in contested cases. The Union and the City will each contribute three (3) names to establish a six-member panel. Each party will then strike two names from the list of six. The impartial physician will be selected from the remaining two names by lottery. The physician selection process shall be completed within ten (10) calendar days from when the City notifies the Union. The impartial physician's fee shall be paid by the City.

Members who are injured on duty who normally are assigned to work a 5/2 schedule shall not receive nor accumulate compensation time while on injured-on-duty status.

All members on rotating status who are injured on duty but assigned to work light duty on a non-rotating schedule shall continue to earn vacation based on rotating status. Compensation time accumulated while on light duty assignment because of the difference

between the 5/2 schedule and 4/2 schedule must be used as it is earned. Compensation time in excess of three (3) days cannot be accumulated to be used when the employee goes back on his regular 4/2 rotation schedule.

(D) In the implementation of Article 9.03, it is understood and agreed that the injured-on-duty employee's Blue Cross and Blue Shield coverage or any other health and medical plan he may have selected shall be used first to cover any medical bills; and any excess cost shall be paid by the City of East Providence. Members, if possible, must utilize doctors or health care facilities participating in the health care program which such member selects. If such member chooses a doctor or health care facility not participating in the health care program selected by the member, any additional costs shall be borne by the member and will not be the responsibility of the City of East Providence unless there were emergency or extenuating circumstances or the situation required a specialist.

The City retains the right to a second physician's opinion, the cost of which shall be borne by the City.
