The City of East Providence is soliciting the services of qualified firms of certified public accountants to audit its financial statements for the fiscal year ending October 31, 2022 with the option to audit the City of East Providence's financial statements for each of the two subsequent fiscal years. These audits are to be performed in accordance with the provisions contained in this request for proposals.

B. Scope of Work to be Performed

The City of East Providence desires the auditor to express an opinion on the fair presentation of its basic financial statements, which will include government-wide financial statements, fund financial statements, and notes to the financial statements in conformity with generally accepted accounting principles.

The auditor shall also be responsible for performing certain limited procedures involving required supplementary information as required by the Governmental Accounting Standards Board as mandated by generally accepted auditing standards.

Required Supplementary Information shall include:

- Management's Discussion and Analysis
- Schedule of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual
- Schedules related to defined benefit pension plans and OPEB plans, if applicable

The City of East Providence also desires the auditor to express an "in-relation-to" opinion on the supplementary financial statements and schedules based on the auditing procedures applied during the audit of the basic financial statements.

Supplementary financial statements, schedules and information shall include:

- Combining fund financial statements shall be presented as supplementary information for all non-major governmental funds. Each non-major fund (included within the Special Revenue Funds, Capital Projects Funds, Debt Service Funds, and Permanent Funds) shall be presented as separate columns in the combining fund financial statements. Similarly, combining financial statements shall also be presented for each of the other fund types when there is more than one internal service fund, enterprise fund, and fiduciary fund.
- Combining financial statements shall be presented for the General Fund when separate funds are maintained within the accounting system but the funds do not qualify as special revenue funds, in accordance with generally accepted accounting principles, and are merged with the General Fund for financial reporting purposes.

If applicable, an audit of major programs shall be performed in accordance with the criteria outlined in OMB Guidance 2 CFR part 200 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (OMB Uniform Guidance) - Subpart F – Audit Requirements.

- The auditors shall audit major programs as required by OMB Guidance 2 CFR part 200 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (OMB Uniform Guidance) - Subpart F – Audit Requirements and express an opinion on compliance for each major program.
- Major programs shall be determined in accordance with guidance provided in OMB Guidance 2 CFR part 200 - Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (OMB Uniform Guidance) - Subpart F – Audit Requirements.
- The auditor is not required to audit the supplementary schedule of expenditures of federal awards. However, the auditor is to provide an "in-relation-to" report on that schedule based on the auditing procedures applied during the audit of the financial statements.

Other schedules may be required by the City and/or the State of Rhode Island Director of Revenue, Auditor General, and Department of Education or as required by the applicable section of the general laws such as, Rhode Island General Law Section (RIGL) 45-10-6 (Contents of Audit Report).

- The Tax Collector's Annual Report shall be presented within Other Supplementary Information to meet the requirements of RIGL 45-10-6 for additional information to the basic financial statements. The Tax Collector's Annual report should be presented in accordance with the revised format requirements of the RI Department of Revenue - Division of Municipal Finance (contact the Division for the most current template). The

auditors engaged to audit the municipality's financial statements shall also report on the Tax Collector's Annual Report, as supplementary information ("fairly presented in relation to the municipality's basic financial statements").

- Municipal Transparency Portal (MTP) - Enacted legislation amended Rhode Island General Laws §45-12-22.2 and §44-35-10 to improve required reporting by creating the Municipal Transparency Portal (MTP) which will represent a centralized location for municipal financial information. Each municipality shall include their Annual Supplemental Transparency Report, MTP2, within their annual audited financial statements. This requires one schedule that includes (1) municipal reportable government services and (2) all school services (consistent with RIDE UCOA requirements). The Annual Supplemental Transparency Report, MTP2, included within the annual audit report shall also include reconciliation to the amounts included in the fund level financial statements.

The auditors engaged to audit the municipality's financial statements shall also report on the Annual Supplemental Transparency Report (including the reconciliations), MTP2, as supplementary information ("fairly presented in relation to the municipality's basic financial statements").

Auditors are not required to opine on the municipality's determination of "reportable government services" (RGS) as defined in Section 2.1 of the Municipal Transparency Portal Implementation Guidance. The municipality will make the determination of "reportable government services" for inclusion in the various reports required to be submitted through the municipal transparency portal. However, auditors will be expected to review the reconciliations as part of the Annual Supplemental Transparency Report, MTP2, (required for inclusion in the audited financial statements as supplementary information) to assess the inclusion of amounts reported which are not within the municipality's or school's general fund.

The format of the required MTP schedules and related reconciliations, as well as, the typical timeline for filing of the annual municipal data report and coordination with annual financial statement audit, are detailed in the MTP Implementation Guidance (available on the RI Division of Municipal Finance website: [Municipal Transparency Portal | RI Division of Municipal Finance](#)).

The Independent Auditor's Report shall include reference to the Annual Supplemental Transparency Report, MTP2, as supplementary information. See the Municipal Transparency Portal Implementation Guidance for additional information.

4. Rates for Additional Professional Services

If it should become necessary for the City of East Providence to request the auditor to render any additional services to either supplement the services requested in this request for proposals or to perform additional work as a result of the specific recommendations included in any report issued on this engagement, then such additional work shall be performed only if set forth in an addendum to the contract between the City of East Providence and the firm. The addendum shall be approved and signed by both parties prior to the beginning of the additional work. Any additional work performed prior to the addendum will be at the auditor's expense.

Any such additional work agreed to between the City of East Providence and the firm shall be performed at the same rates set forth in the schedule of fees and expenses included in the sealed dollar cost bid. Firms may quote different prices for certain times of the year.

Any amendments to the contract for additional work will be negotiated in good faith. Provided, however, in the event that the parties cannot mutually agree on additional work to be performed and the cost for said work, then the City, as its option may rescind the option period.

In accordance with Government Auditing Standards, if the firm provides non-audit services, it must evaluate whether providing the services creates independence impairment with respect to the audit of the City.

5. Manner of Payment

Progress payments will be made on the basis of hours of work completed during the course of the engagement and out-of-pocket expenses incurred in accordance with the firm's dollar cost bid proposal. Interim billings shall cover a period of not less than a calendar month.

VIII. EVALUATION PROCEDURES

A. Evaluation Criteria

An evaluation committee will be comprised of individuals knowledgeable about auditing and financial reporting matters. Proposals will be evaluated using three sets of criteria. Firms meeting the mandatory criteria will have their proposals evaluated and scored for both technical qualifications and price. The following represent the principal selection criteria, which will be considered during the evaluation process.

Mandatory Elements

- a. The audit firm is independent and licensed to practice in Rhode Island.
- b. The audit firm's professional personnel have received adequate continuing professional education within the preceding two years.
- c. The firm has no conflict of interest with regard to any other work performed by the firm for the City of East Providence.
- d. The firm submits a copy of its most recent external quality control review report and the firm has a record of quality audit work.
- e. The firm adheres to the instruction in this request for proposals on preparing and submitting the proposal.

1. Technical Qualifications:

a. Governmental Expertise and Experience

1. The firm's past experience and performance on comparable government engagements including the issuance of an annual comprehensive financial report.
2. The quality of the firm's professional personnel to be assigned to the engagement and the quality of the firm's management support personnel to be available for technical consultation.

2. Audit Approach

- a. Adequacy of proposed staffing plan for various segments of the engagement.
- b. Adequacy of sampling techniques.
- c. Adequacy of analytical procedures.

3. Price

Proposals will be evaluated using the following scoring weights resulting in a maximum score of 100 points:

	Maximum points
Overall qualifications and experience of the firm and the specific engagement personnel to be assigned focusing on experiences with governmental entities and the specific line of business or services provided by the entity to be audited.	40
Overall audit approach and audit strategy described/outlined in the proposal and firm capacity to perform the engagement within the specified timeframe (prior experience of the firm in meeting timelines should be factored in here)	30
Audit fees - See formula for points awarded for audit fees (*) 30	30
Maximum evaluation points 100	100

* Evaluation technique – audit fees

Audit fee score = (lowest qualified bid/bid for firm being evaluated) X 30 points

Example: Assuming 3 bids received were: (firm A) - \$40,000, (firm B) - \$46,000, (firm C) - \$50,000

Firm A (the lowest bidder)	awarded 30 points	$\$40,000/\$40,000 \times 30 \text{ points} = 30$
Firm B	awarded 26 points	$\$40,000/\$46,000 \times 30 \text{ points} = 26$
Firm C	awarded 24 points	$\$40,000/\$50,000 \times 30 \text{ points} = 24$

An evaluation grid will be prepared summarizing the scoring by each member of the evaluation committee and the composite ranking. If any firm is disqualified and therefore not evaluated, the reason for such action shall be documented.

COST WILL NOT BE THE PRIMARY FACTOR IN THE SELECTION OF AN AUDIT FIRM.

B. Oral Presentations

During the evaluation process, the City may at its discretion, request any one or all firms to make an oral presentation. Such presentation will provide firms with an opportunity to answer any questions the City may have on a firm's proposal. Not all firms may be asked to make such oral presentations.

C. Final Selection

The City Council will select a firm based upon the recommendation of the evaluation committee.

It is anticipated that a firm will be selected by 6/21/2022. Following notification of the firm

selected, it is expected a contract will be executed between both parties by 6/28/2022.

D. Right to Reject Proposals

Submission of a proposal indicates acceptance by the firm of the conditions contained in this request for proposals unless clearly and specifically noted in the proposal submitted and confirmed in the contract between the City of East Providence and the firm selected.

The City of East Providence reserves the right without prejudice to reject any or all proposals
